SINKS

by Tony Heslop

‡ Handmade pottery sinks by Tony Heslop come in **4 different varieties.** †

Round

Oval

Vessel

Designer

‡ Many colors and patterns are available with these sinks. †

When a sink is ordered, it may take as long as 2-3 months, depending on Tony's backlog and show schedule.

He must allow for drying time and the different firings each piece must go through.

They come with or without overflows.

They may be set on top of the countertop, or set down into the tile.

Vessel sinks sit high above the countertop, much as a bowl would sit on a tabletop. These usually don't have overflows, although some people request that they do.

Our pottery sinks are wonderful works of art done by a very creative, hardworking and talented man. We always aim to please our customers, and our hopes are that if a sink is ordered that Tony is allowed the time and creativity it takes to make yours a true work of art.

Since he is one man throwing all his pottery himself, designer sinks are usually limited to what he brings in. They are very creative and usually one of a kind.
